Dear Green Wheel Books:

Thank you for your generous contribution to the Arbor Day Foundation. Your contribution makes possible the saving of 353,250 square feet of rain forest. We greatly appreciate your generosity towards making a cleaner, healthier, and lasting environment for this and future generations.

As part of our mission, the Arbor Day Foundation strives to increase the awareness of the need to plant and care for more trees in our environments. Our tree planting projects, along with our educational programs, help reach millions of people each year with this message.

Since the founding of Rain Forest Rescue, more than 2.4 billion square feet of land has been preserved, and we continue to make positive impacts in the area...for the people who call it their home, for the precious birds and animals that live there, for the diverse species of plants and trees, and for the health of our planet.

Thank you again for your care and support for the Arbor Day Foundation.

Best regards,
